All hounds must be **REGISTERED** at the Kennel Club in the name of the competitor. If the registration or transfer of ownership has not been confirmed it must be applied for before the closing date of entries. In case of dispute proof of postage of such applications may be required by the Kennel Club. If a hound is in the process of Registration or Transfer at the time entry is made, add the letters NAF or TAF as appropriate after its name. The Bloodhound Club Working Trials Risk Assessment

WARNING: DOGS IN CARS ON HOT DAYS

Your dog is vulnerable and AT RISK if left in a vehicle in high temperatures and even on days considered as slightly warm. Please take care of your dog.

If your dog is found to be at risk, forcible entry to your vehicle may be necessary without liability for any damage caused.

Right to Refuse Entries:

Competitors are reminded that Trials Societies have the right under Kennel Club Regulations to refuse any entry.

Anyone whose hound is entered at a Kennel Club licensed event should take all reasonable steps to ensure the needs of their hound(s) are met, and should not put a hound's health and welfare at risk by any action, default, omission or otherwise. Breach of Kennel Club Regulations in this respect may be referred to the Board for disciplinary action under Kennel Club Rules and Regulations.

Travelling to, at and leaving KC licensed events

- When travelling to Trials please take a moment to consider whether the route to the Trials is on a busy holiday route, and leave earlier to avoid increased time in traffic jams.
- Ensure your hound is not sitting in full sunlight. There should be plenty of free flowing air around the hound.
- Keep the hound in the shade – take your own shade, for example a large umbrella, and always have plenty of water available to drink, so your hound stays well hydrated.
- Remember, if you feel hot your hound is very likely to feel much hotter and dehydrated, and this could lead to dire results. Please look after your hound's' welfare.

Risk with open doors or windows

Traffic, people and hounds are at risk if dogs can escape

Vehicle windows and doors, where open, should be grilled.

Weather conditions

The judge or stake manager can intervene, in the event of

Risk to health due to adverse / bad weather.

In the Catalogue/Programme, participants are advised of an appropriate Veterinary Surgery and A&E Hospital, as well as those carrying a first aid kit in their vehicle at the trials.

The Meet

Risk of traffic congestion.

The meet should be well signposted to help avoid traffic congestion or risk of injury from traffic.

The meet should be held off road in a position where cars can be parked allowing room for competitors and hounds to move safely.

Risk of injury caused by hounds.

Children and animals should be under control at all times.

Competition

The handler will be encouraged to consider the hound's safety at all times whilst competing, to avoid injuries

Risk on Roads

Besides the provision that all equines and pets should be under control at all times, owners should avoid danger from and to traffic.

Competitors and all participants should observe guidance from Road Marshals and Stake Managers for suitable parking for the road conditions.

Hound and handler

- When competing, the handler should take precautions when approaching any road.
- Whenever a line has been walked across a road, then a flag should be placed on the other side to avoid delay on the road.
- If there is no flag, then the handler should be aware, and keep away from roads, unless indicated by the road marshal or judge.

Judge, assistants and line walker

- The handler should always be asked by the judge or assistants before they consider handling a hound.
- The handler should assist the hound through obstacles, not the judge.

Road accidents

Hounds should be under effective control at all times and are hunted unleashed entirely at the owner/handler's risk.

Owners should ensure that their insurance cover is adequate for these risks

Risk from or to livestock

- The Stake Manager will avoid land with stock where landowners have informed of any danger.
- The line walker should inform the Stake Manager, to warn the judge/assistants of any concerns.
- The handler should inform judge if he has any concerns about the safety to the hound or livestock, and consider retiring rather than taking any risks.

Risk of electric shock

Although we try to ensure electric fences are turned off, this cannot be guaranteed, and competitors should satisfy themselves of this before proceeding.

Summing Up / Prize Giving

To reduce risk to hounds, competitors and general public, summing up should be in a safe place. Hounds may be required to be removed if asked.

Where possible the summing up is held in a warm dry place.
